

Brian Swift

National Spokesman for NASID
(National Alliance to Stop Impaired Driving)

Family Broken

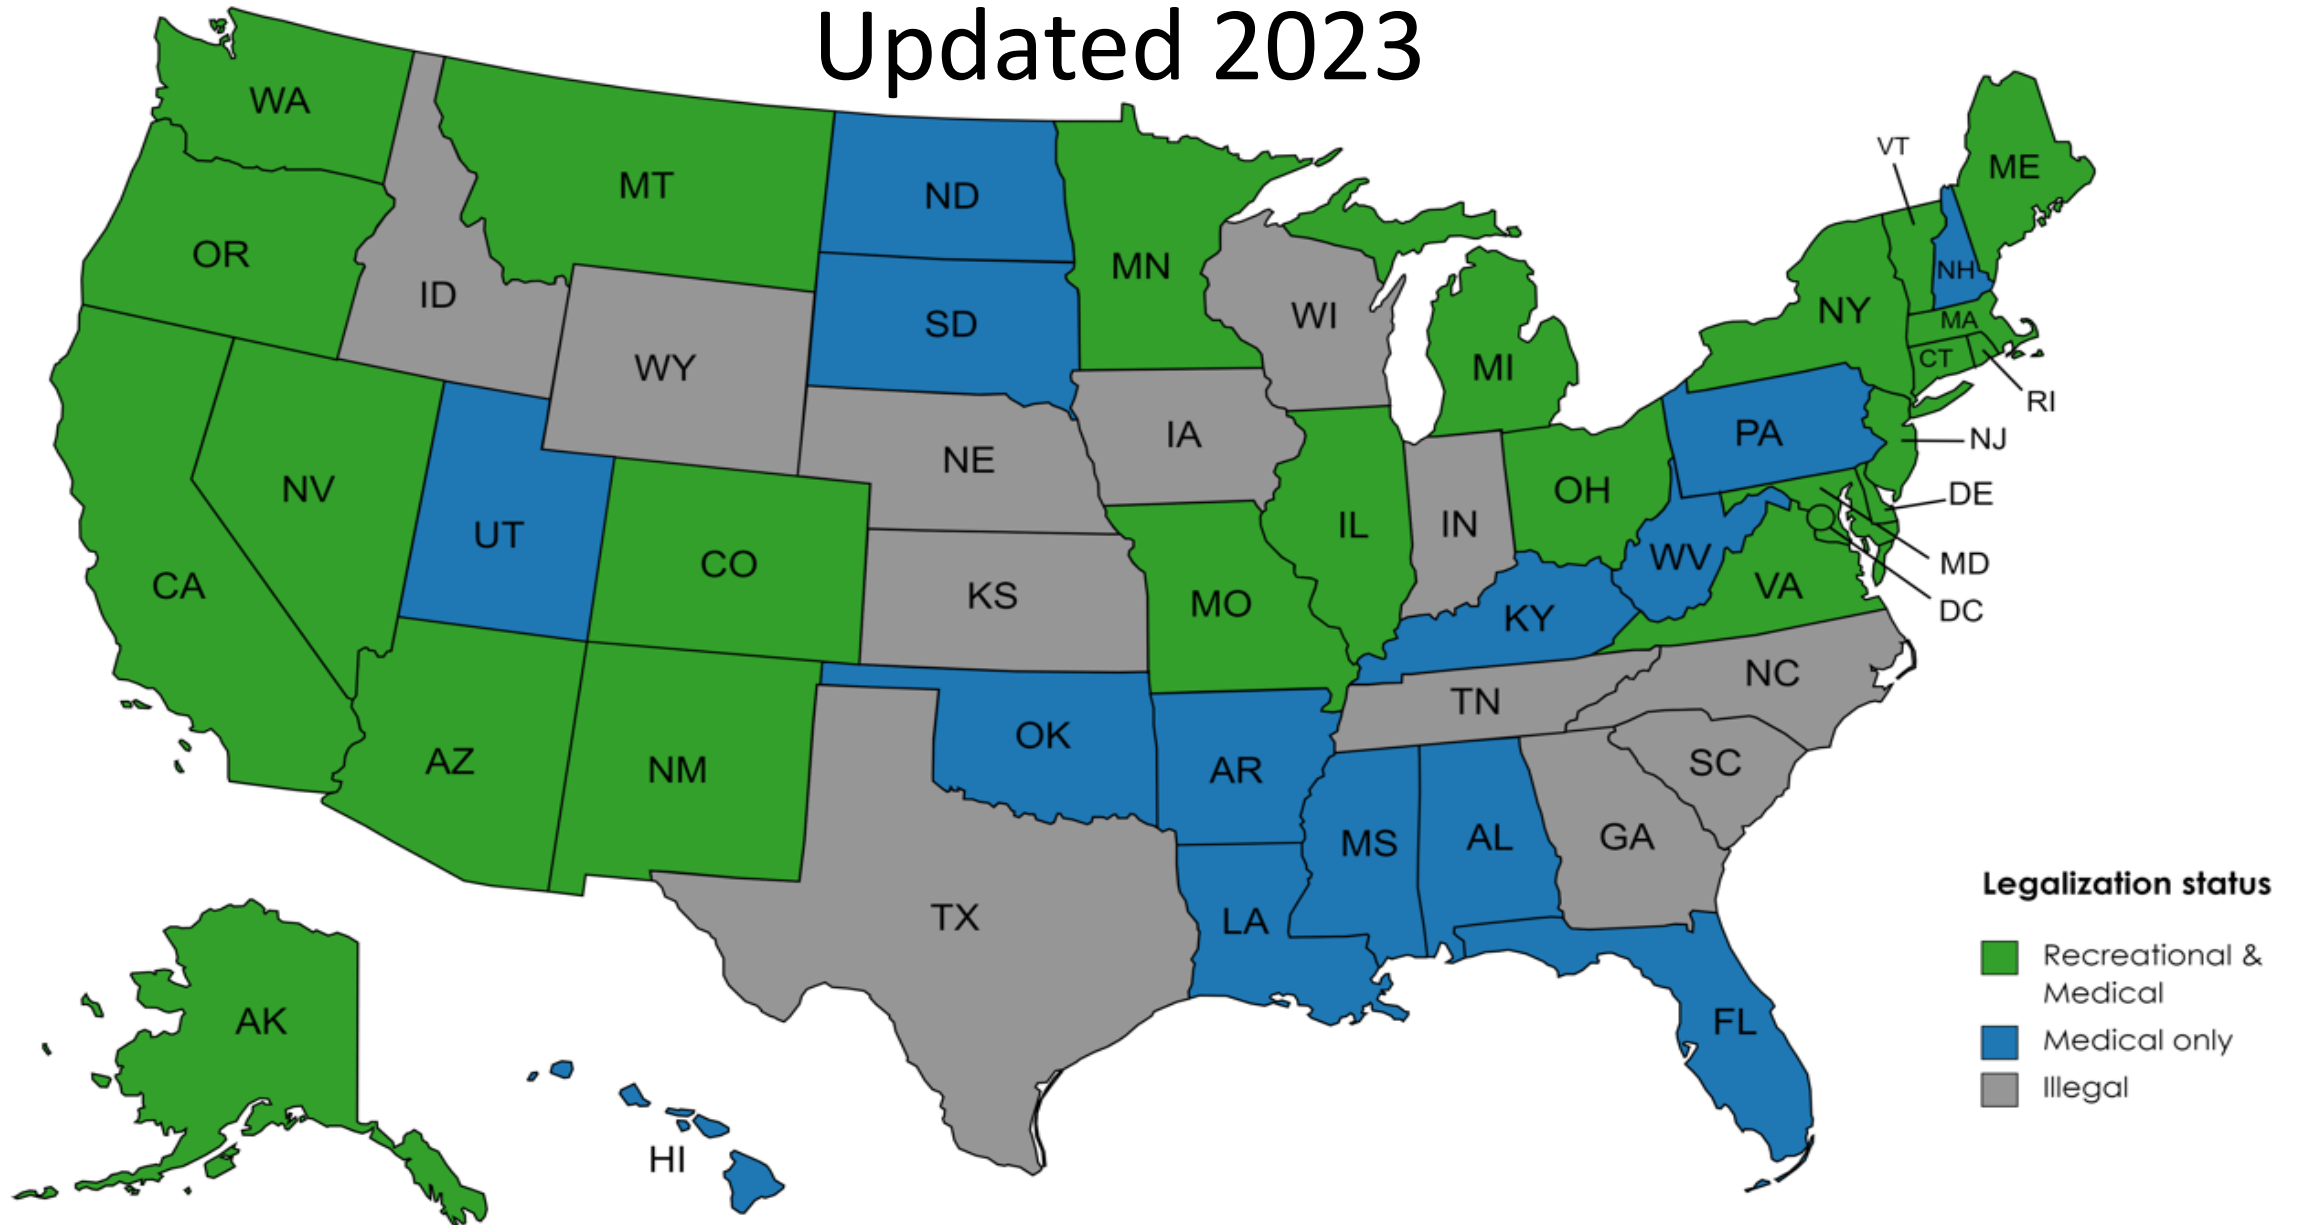

Picking up the Pieces

- The law, justice, victims will be victimized again
- What did I want- what can I get done – Oral Fluid
- “Swift Check,” 2016 – 5 county & 78 county pilot
- NASID.ORG – focus on multi-substance impairment, includes data & detection, utilize new technology, system reform
- 32 states currently doing some sort of oral fluid testing – toxicology lacking and delayed (test, test and more testing)
- Michigan today – politics, politics and more politics House (R) Senate (D) Governor (D)
- My new bill will drop next week – D&R sponsor
- What states are next? Minnesota pilot

Updated 2023

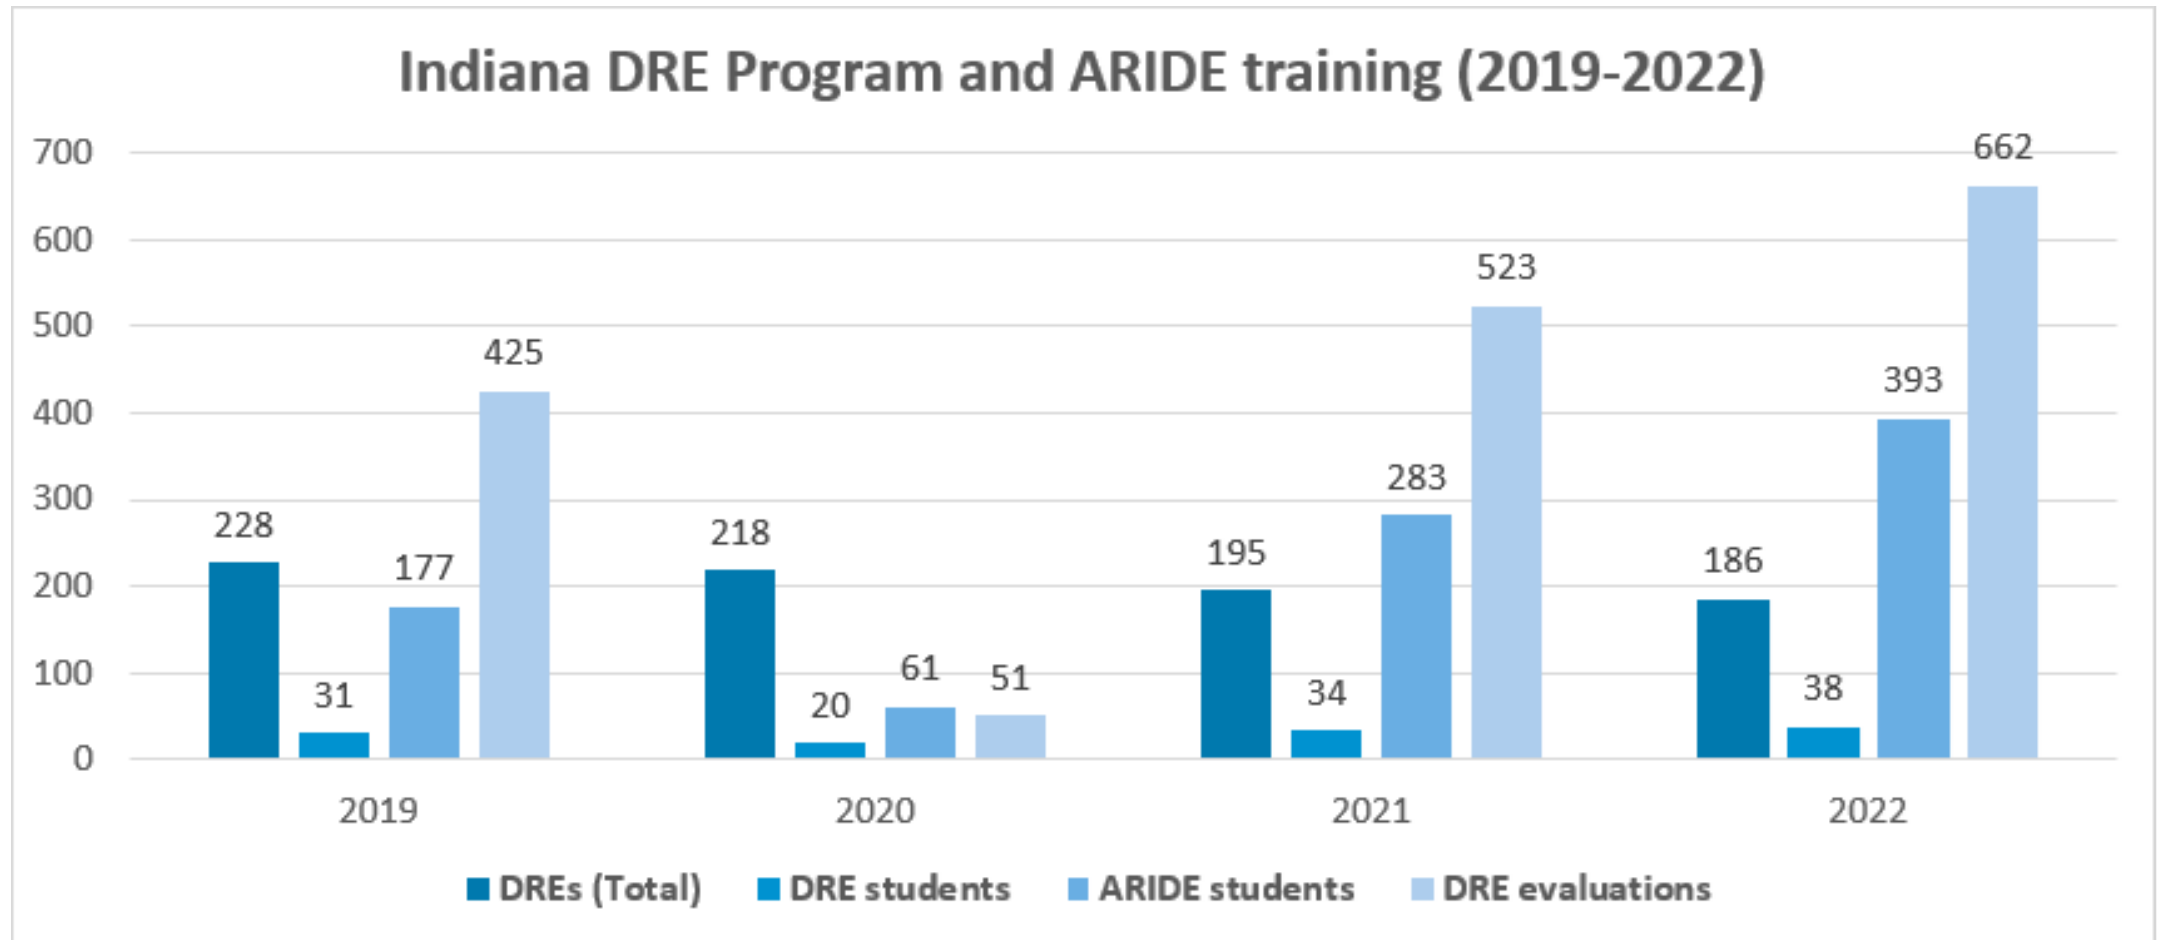

Confidence, Cooperation, Safer roads

“We first received the Oral Fluid Testing units in the fall of 2020. From 2019 to 2020 we saw a 210% increase in DRE evaluations. From 2020 to 2021, we saw an additional 153% increase in DRE evaluations (first full year of Oral Fluid Testing). For the 3.5 years we have been using Oral Fluid Testing, we have seen a 228% increase in DRE evaluations when compared to 2019.”

Sgt John Kreiger – Fort Wayne Police Department

Indiana 2021

Final Thoughts

We need to take back our roads. We need to use the technology that is available today to detect multi-substance impaired drivers and get them off the road before they kill & maim again. Everybody you love is at risk.
